

Underwriting Solutions

## APS Retrieval

**Complete, Timely, Cost-Effective.**

We take APS Retrieval services to the next level. We will locate the records, obtain the needed special authorizations, and conduct the research to verify the requested information. We will contact the facility, applicant, or agent; whatever is necessary to complete the research. Our nationwide time service is 10 calendar days with a 95% completion rate. It's all part of The MRS Difference.

- Applicant and/or agent are contacted when follow up is needed
- MRS is skilled at successfully negotiating physician fees
- Reopens for additional information are included at no extra cost
- Electronic documents are designed to integrate with your existing systems
- Secure online client website offers robust reporting and management tools; with the ability to monitor cases in real-time.
- Protective value surveys offered to assist with program management and underwriting guidelines.

**MRS APS Retrieval Services - Going the Extra Step, without the Extra Cost.**
